Version 1.0

SECTION 1: IDENTIFICATION

Trade Name: Hospital Disinfectant
Chemical Name: Solvent Mixture
Use of Substance/Mixture: Solubilizer -Personal Care
Manufacturer:
Millenia Productions, LLC.
3819 N Toben St., Wichita, KS 67226
(316) 425-2500

Emergency Phone Number:
ChemTel Chemical Expert Assistance Hotline
Domestic: 1-800-255-3924
International: 01-813-248-0585
ChemTel:365/24/7
Contract Number: MIS0007427

SECTION 2: HAZARD(S) IDENTIFICATION

GHS-US Classification

Flammable liquid. This product is classified as a hazardous substance and as dangerous goods according to the classification criteria of NOHSC and ADG Code (Australia).

Hazard Pictograms

Environmental hazards

OSHA defined hazards

Label elements

Signal Word Danger
Hazard Statements H225 - Highly flammable liquid and vapor.
H319 - Causes serious eye irritation.

Signal word Serious eye damage/eye irritation
Hazard statement Specific target organ toxicity, single exposure

Prevention Hazardous to the aquatic environment, acute

Response
Precautionary Statements P210 - Keep away from heat, open flames, sparks. - No smoking.
P233 - Keep container tightly closed.
P240 - Ground/bond container and receiving equipment.
P241 - Use explosion-proof electrical, lighting, ventilating equipment. P242 - Use only non-sparking tools.
P243 - Take precautionary measures.

Toxic if swallowed. Causes severe skin burns and eye damage. Causes serious eye damage. Fatal if inhaled. May cause damage to organs. Very toxic to aquatic life with long lasting effects. May form combustible dust concentrations in air.

Use only outdoors or in a well-ventilated area. Do not breathe mist or vapor. Wash thoroughly after handling. Do not eat, drink or smoke when using this product. Avoid release to the environment. Wear protective gloves/protective clothing/eye protection/face protection. Wear respiratory protection.

Collect spillage. If swallowed: Immediately call a poison center/doctor. If swallowed: Rinse mouth. Do NOT induce vomiting. If on skin (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower. If inhaled: Remove person to fresh air and keep comfortable for breathing. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a poison center/doctor. Specific treatment is urgent (see this label). Wash contaminated clothing before reuse. In case of fire: Use appropriate media to extinguish.

Store in a well-ventilated place. Keep container tightly closed. Store in a well-ventilated place. Keep cool. Store locked up. Dispose of contents/container in accordance with local/regional/national/international regulations.
None known.

Precautionary State- ments Continued:

Ingestion:

If product is swallowed, may cause nausea, vomiting and/or diarrhea and central nervous system depression.

Eyes/Skin:

The liquid may produce eye discomfort and is capable of causing temporary impairment of vision and/or transient eye inflammation, ulceration. The vapor is discomforting to the eye. Splashes may cause severe eye irritation, possible corneal burns and eye damage. Moderately irritating to the eyes. Symptoms of overexposure may include redness, itching, irritation and watering. May be irritating to skin, especially after prolonged contact. The product can cause allergic skin reactions (e.g., rashes, welts, dermatitis) upon prolonged or repeated exposure.

Inhalation:

Vapors of this product may be moderately irritating to the nose, throat and other tissues of the respiratory system. Symptoms of overexposure can include coughing, wheezing, nasal congestion, and difficulty breathing. Inhalation of concentrated vapors can cause central nervous system depression (e.g., drowsiness, dizziness, headaches, nausea). Odor may give some warning of exposure, but odor fatigue may occur.

Symptoms of overexpo- sure:

Symptoms of skin overexposure may include redness, itching, and irritation of affected areas. Overexposure in eyes may cause redness, itching and watering. The product can cause allergic skin reactions (e.g., rashes, welts, dermatitis) upon prolonged or repeated exposure.

Acute Health Effects:

Moderate irritation to eyes and skin near affected areas. Additionally, high concentrations of vapors can cause drowsiness, dizziness, headaches and nausea

Chronic Health Effects:

The material may accentuate any pre-existing dermatitis condition. None known

Target Organs

Eyes, skin & respiratory system

Other Hazards

No additional information available

Unknown Acute Toxicity

No data available

SECTION 4: FIRST-AID MEASURES

First-Aid Measures

First-Aid Measures After Inhalation: Pre-existing dermatitis, other skin conditions, and disorders of the target organs (eyes, skin, respiratory system). .

First-Aid Measures After Skin Contact: If irritation occurs & product is on the skin, rinse thoroughly with lukewarm water, followed by a thorough washing of the affected area with plenty of soap and water. Remove all contaminated clothing, including footwear and wash thoroughly before reuse. If irritation, redness or swelling persists, consult a physician immediately.

First-Aid Measures After Eye Contact: If product gets in the eyes, flush with copious amounts of lukewarm water for at least 15 minutes. Open and close eyelid(s) to ensure thorough irrigation. Seek immediate medical attention. If problem persists, seek immediate medical attention.

First Aid Measures After Ingestion: Remove victim to fresh air at once. If breathing stops, perform artificial respiration. Seek immediate medical attention.

Seek medical assistance for further treatment, observation and support if necessary.

SECTION 5: FIRE-FIGHTING MEASURES

Special Hazards Arising from the Substance or Mixture

Fire Hazard: This product is not a flammable liquid. However if involved in a fire, this product may ignite and decompose to form toxic gases (e.g., CO, CO₂, NO_x). Extinguish all nearby sources of ignition as vapors may travel and flash back.

Advice for Firefighters

Firefighting Instructions: First responders should wear eye protection. Structural fire fighters must wear full protective equipment and MSHA/NIOSH-approved self-contained breathing apparatus. If possible, prevent runoff water from entering storm drains, bodies of water, or other environmentally sensitive areas. If necessary, rinse contaminated equipment with soapy water before returning to service.

SECTION 10: STABILITY AND REACTIVITY

Chemical Stability: Relatively stable under ambient conditions when stored properly.

Conditions to Avoid: Exposure or contact to extreme temperatures, incompatible chemicals, strong light sources, sparks, flame.

Hazardous Decomposition Products: If exposed to extremely high temperatures, products of thermal decomposition may include irritating vapors and toxic gases (e.g., oxides of carbon & nitrogen).

SECTION 11: TOXICOLOGICAL INFORMATION

Information on Toxicological Effects

Reproductive Toxicity: This Product is not reported to cause reproductive effects in humans.

Toxicity Data:

This product has NOT been tested on animals to obtain toxicology data. There are toxicology data for the components of the product, which are found in scientific literature. These data have not been presented in this document

Acute Toxicity:

See Section 2

Chronic Toxicity:

See Section 2

Suspected Carcinogen:

No

Reproductive Toxicity:

This product is not reported to cause reproductive toxicity in humans.

Mutagenicity:

This product is not reported to produce mutagenic effects in humans.

Embryotoxicity:

This product is not reported to produce embryotoxic effects in humans.

Teratogenicity:

This product is not reported to cause teratogenic effects in humans.

Reproductive Toxicity:

This product is not reported to cause reproductive effects in humans.

Irritancy of Product:

See Section 2

Biological Exposure Indices:

NE

SECTION 12: ECOLOGICAL INFORMATION

Biodegradability:

Environmental Stability:

The components of this product will slowly degrade over time into a variety of organic compounds. Specific environmental data available for the components of this product are available but are not presented in this MSDS.

Effects on Plants & Animals:

There is no specific data available for this product.

Effects on Aquatic Life:

There is no specific data available for this product. Releases of large volumes may be harmful or fatal to overexposed aquatic life.

Aquatic toxicity data for components of this product are available, but are not presented in this MSDS

SECTION 13: DISPOSAL CONSIDERATIONS

Dispose in accordance with all federal, provincial, and/or local regulations.

Waste Disposal:

Dispose in accordance with local, state and Federal hazardous waste laws.

Special Considerations:

U.S. EPA Characteristic Waste: D001 (ignitability)

SECTION 14: TRANSPORT INFORMATION

The basic description (proper shipping name, hazard class & division, ID Number, packing group) is shown for each mode of transportation. Additional descriptive information may be required by 49 CFR, IATA/ICAO, IMDG and the CTDGR

49 CFR (GND):

CONSUMER COMMODITY, ORM-D
UN1173, ETHYL ACETATE,3, II (> 1.0 L)

IATA (AIR):

CONSUMER COMMODITY, 9, ID8000 (E0.5L)

SECTION 15: REGULATORY INFORMATION

Other Federal Requirements:

This product complies with the appropriate sections of the Food and Drug Administration's 21 CFR subchapter G (Cosmetics).

Other Canadian Regulations

This product has been classified according to the hazard criteria of the CPR and the MSDS contains all of the information required by the CPR. The components of this product are listed on the DSL/NDL. None of the components of this product are listed on the Priorities Substances List. Class B2 Flammable Liquid.

State Regulatory Information:

Ingredients in this mixture are found on the following state criteria lists:

- California OSHA Hazardous Substances List
- Delaware Air Quality Management List
- Massachusetts Hazardous Substances List
- Minnesota Hazardous Substances List
- New York List of Hazardous Substances
- Pennsylvania Hazardous Substances List
- Washington Permissible Exposure Limits for Air Contaminants
- Wisconsin Hazardous Substances List

67/548/EEC (European Union) Requirements

The primary component of this product is listed in Annex I of EU Directive 67/548/EEC:

Isopropyl Alcohol Flammable (F). R: 11-36-66-67 - Highly flammable. Irritating to eyes. Repeated exposure may cause skin dryness or cracking. Vapors may cause drowsiness and dizziness. S: 9-16-23-33 - Keep container in a well-ventilated place. Keep away from sources of ignition - No smoking. Do not breathe gas, fumes, vapor or spray. Take precautionary measures against static discharges.
